Newsletter 04 / 2025

Dear friends of Kultur verbindet e.V.,

On Saturday, March 29th, Kultur verbindet e.V. participated in the Nachhaltigkeitstag Bad Godesberg with a stand at the Theaterplatz. We informed about our role as the organising institution of the Klimaviertel Bad Godesberg Nord and the status of the community centre that is to be established at Bonner Straße 17. Unfortunately, the opening date is still unknown, and we have not received any concrete information from the city of Bonn regarding the timeline and the individual steps of the conversion of the premises.

At the Nachhaltigkeitstag, we organized various interactive quizzes on climate change, sustainability, and environmental protection together with our partner organization, Change Club, although we did encounter frequent issues with the internet connection. Our conclusion regarding the event is as follows: It was a long day, and we would have appreciated more visitors, but the discussions on-site were diverse and provided us with new insights.

From our projects

We are pleased to finally be able to offer a training opportunity for the volunteers in the project 'Meine erste Bibliothek.' On June 11, 2025, a presentation and introduction to the program 'Polylino Bonn – Everyone Reads' will take place at the Bonn City Library from 5:30 PM to 6:45 PM, to which we would like to invite you today.

Why Polylino? The app offers over 1,700 digital children's books in more than 70 languages - a wonderful opportunity to inspire children to read. All children in Bonn can read for free with Polylino, and many of our primary schools are already using the app. Further details regarding registration and the program will follow shortly. We look forward to your participation and the opportunity for mutual exchange.

However, other organizations also offer training formats on the topic of "Reading with Children" that we would like to share. On June 13, 2025, a training session on Diversity in Children's Books will be held from 9:00 AM to 1:00 PM. It is organized by Abenteuer Lernen e.V. and will take place at Siebenmorgenweg 22, Bonn. Please register via this link: <https://inklusion-lebendig-machen.de/veranstaltungen/>. The cost for participation is €20.

Additionally, Abenteuer lernen e.V. will offer the training "Recognizing Racism and Learning to act in a Racism-Critical Manner" on September 16th from 9 AM to 4 PM. Racism is a specific form of discrimination and a power system that has existed for centuries alongside other systems, such as patriarchy and capitalism. You can also access this training through the link above. The participation fee is €40.

In the first week of the Easter holidays, we offer the holiday workshop "Film ab" for children in grades 5, 6, and 7. They will learn to shoot short films using a smartphone or tablet. Thematically, it revolves around their visions of their own future and the changes they would like to see in Bad Godesberg.

Dates

After the Easter holidays, we will continue our open workshops in Medinghoven, Dransdorf, at the center management of Bad Godesberg, and in Mackeviertel. The flyers containing the dates and the program can be found attached to this newsletter.

On May 16, 2025, the association's general meeting will take place. Invitations with the agenda and the documents for amending the statutes, etc., will be sent to the members in a timely manner.

On Sunday, May 18th, we will offer a nature excursion for children, parents, and guardians. The event will take place on a meadow with fruit trees at Waldau, focusing on biodiversity, wild bees, bumblebees, and their relevance to fruit harvesting. Invitations will be sent out after the Easter holidays (April 14th - April 26th, 2025).

Finally, some information regarding data processing/data protection of the association. Until now, the email correspondence and storage of the associated data (name, email address, as well as the storage of contact details such as address, telephone, and possibly information regarding the role for the association (e.g., volunteer work, school, cooperation partner) were handled through Host Europe. This has now been transitioned to Microsoft Outlook. Further information will soon be available in the data protection information on the website of Kultur verbindet e.V.

We wish everyone a wonderful holiday season!

Best regards,

The team of Kultur verbindet e.V.
