## Newsletter 11 / 2024

**Dear friends of Kultur verbindet e.V.,**

This month began with a nice surprise for Kultur verbinden e.V. On our account there were donations of about 1000€. They came together through a milestone birthday, where the hostess had asked for donations for our association instead of gifts. We would like to thank you very much for this great idea and thank all donors for their generous support of our projects. The funds will go in particular to our "Meine erste Bibliothek" project and to the cultural events that we will be able to offer more regularly from now on.

## Our projects

For about a month now, a new volunteer has been working for Kultur verbindet e.V. and is taking care of the organization of cultural events. Mrs. Höffgen-Reichle has handled the booking of tickets for a theater performance at Theater Marabu.

Therefore, we are pleased to invite children, parents, and volunteers to the performance of "Splash" at Theater Marabu on December 8th. The invitation can be found attached to this email. Please RSVP by email or phone by November 30th, 2024.:

Do you know this as well? The child with whom you read talks about TikTok, WhatsApp, Snapchat, Instagram, and games he or she plays on its phone? And do you worry about the dangers that may be associated with it?

There are many good books on the topic of "Safe Handling of the Internet and Social Media" for all age groups that you can read with your child. We have compiled some book recommendations on this subject. The list can be found in the attachment to the email. Surely, you can also learn a lot of new things about this topic yourself!

## Concept of protection for volunteer work

On Monday, November 18th, 2024, there will be an information evening about the new safety concept of the association and the commitment declaration for volunteers. We will

present the concept and explain the contents of the commitment declaration, which must be signed by all volunteers working with children in the association. The evening will give you the opportunity to ask questions and learn about the reasons behind the necessity of a safety concept and a commitment declaration.

The meeting will take place at 6 pm at the Trinkpavillon near the Stadthalle, Koblenzer Straße 80.

## "Meine Zukunft gestalte ich selbst"

Since this week, we are finally offering our workshops on sustainability, environment, and climate change for children aged 6-12 years in the center management in Bad Godesberg. The dates until Christmas vacation can be found in the flyer attached to this email. Participation is free of charge. Children can simply come by and participate without registration.
