

Protection concept for volunteer work

The work as a BuchPate (reading mentor) is based on a good and trusting relationship with the child with whom you are reading. For this close personal bond, the association is now developing a safe framework in the form of a protection concept. This will be a guideline that determines how the association deals with suspected cases of child welfare endangerment. To this end, a code of conduct for dealing with children is being drawn up, which is based on templates from other organisations or the Federal Ministry for Family Affairs, Senior Citizens, Women and Youth.

In the first step, the draft developed by the board is discussed with the school coordinators of the association and their suggestions are incorporated into the documents. In the second step, we will present the concept and the code of conduct to our volunteers at a meeting during information events and invite them separately.

"Meine Zukunft gestalte ich selbst"

For our project "Meine Zukunft gestalte ich selbst," we have found two new female employees. During the transition period, Ines Böhme will support us as a freelance worker in the workshops in Medinghavoen and Dransdorf. In November, Ms. Johanna Scharfenberg will start as a part-time employee. Then, the workshops in Bad Godesberg and at the Youth Center Bonn Nord will be able to begin, and new concepts for additional activities (such as AGs, holiday projects, and weekend activities) can be developed and implemented.

On November 5, 2024, an exhibition on the Bonn Climate Action Plan will be opened at the Bonn City Hall. The exhibition includes various modules, including digital audio stations. One of these stations will present our project "Meine Zukunft gestalte ich selbst."
